DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 18, 2008 has been entered.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-28 are rejected under 35 U.S.C. 102(b) as being anticipated by Halbert et al. (US 6,101,484) ("Halbert").

Halbert discloses a network-based commerce system including:
a processor coupled to a memory through a bus; and
a fixed price-setting process executed from the memory by the processor to cause the processor to facilitate the operation of a network-based auction price setting process for a listing of an item, the fixed price-setting process to provide a fixed price offer for the

item and to publish the fixed-price offer on the listing based on a criterion (col. 7, lines 36-63).

Response to Arguments

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.
